Experience

CodeAlpha
September 2023 – October 2023

WEB DEVELOPER INTERN

During my internship at Code Alpha, I honed front-end HTML, CSS, JavaScript and ReactJS development skills. The experience merged theory with practical application, refining my adaptability, and understanding of industry-standard practices.

Uptoskills
June 2023 – September 2023

WEB DEVELOPER INTERN

During my internship, I gained expertise in WordPress and worked on live websites. I learned to manage content, customize websites, and handle real-time projects, enhancing my skills in web development and site management.

Let's grow more
July 2023 – August 2023

WEB DEVELOPER INTERN

In my internship, I mastered ReactJS by creating four projects. I learned to build dynamic websites, manage data, and design user-friendly interfaces for different devices, improving my programming skills.

Projects

Local Link (College Hackathon) ↗
HTML CSS JavaScript

Moonquake Map (NASA National Level) ↗
HTML CSS JavaScript Three.js

Satellites Around Earth (NASA College Level) ↗
